A WORLD FROM

## MAURO BRACCIALE

Starting from here, the work of a lifetime, to imagine a new future.

This is what Mauro Bracciale has done, now owner of Bracci and for more than 30 years in the leather upholstery business, managing important Italian sofa manufacturers.

Bracci was established in 2012 with the idea to bring to the North American market a collection designed and made in Italy. But not only !...Bracci sofas are specially designed to have a remarkable US personality, meaning that product development is done in Italy with only the North America market in mind.

Mauro Bracciale's great propensity to research new ideas, of style and customization, throughout the years has put together a great selection of products in all categories: stationary, power motion, power recliners, occasional chairs and sofa beds.

Bracci is a brand that means design, craftsmanship and italianity, a brand strongly thought and wanted by its founder, a brand that could not fail to inherit from him passion and authenticity.

**BRACCI**  
MADE IN ITALY

## WE FURNISH THE MOST BEAUTIFUL HOMES IN AMERICA

Bracci brings timeless Italian designs into American Homes. This is what Bracci does with a luxury collection of leather sofas “Made in Italy” able to accommodate in the same living area, the idea of American comfort and Italian design.

This is how the soft aesthetics of Bracci sofas are born, supported by backrests and armrests with rigid lines and capable of telling, sofa after sofa, a story of balanced lightness. An anthem of visual comfort shows in the entire collection and it fits harmoniously in the living area to respond to the contemporary needs of the North American market. The prestigious coverings and décor stitchings emphasize the flowing lines along the profiles without interrupting the generous volumes.

Bracci is commitment to the highest level of craftsmanship, product is made only with premium hides of European origin, cut by hand using traditional techniques, that cannot be substituted with modern cutting technology, along with eco-friendly foam, wood and other materials that meet the highest standards in the industry.

Our timeless Italian-American designs never go out of style and we furnish the most beautiful homes in North America.

Design, comfort and style is a special Italian vocation to beauty. This is Bracci.

Thank you for taking the time to review our Collection.

- removability:** Seat and back cushions
- seat cushion:** High density ecologic polyurethane foam and memory foam covered with a layer of dacron wadding
- back cushion:** High density ecologic open-cell polyurethane foam covered with a layer of dacron wadding
- foot option # 1:** Stainless Steel Finish
- foot option # 2:** Stainless Steel Bronze Finish

LEATHER COLOR SHADE DIFFERENCES: The model upholstered with some Natural leather such as Maya, Moss, Carees and Sensation, could present in some area differences in color tones of about 5%. Such differences are not to be considered defect but an expression of the natural characteristic of the cowhide. The company reserves the right without prior notice to make technical sheets changes and/or materials for quality product improvement. Leather sofas are a handmade product and according to the leather covering selected there could be a measurement tolerance of about 2 inches (cm 5) on each sku.

REV. 002 DEL 28/10/2020 | Pag. 2 of 2

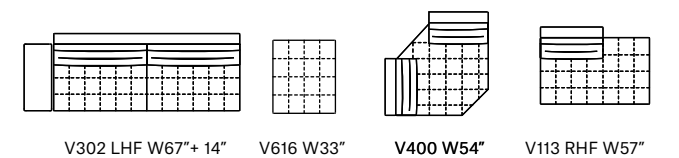

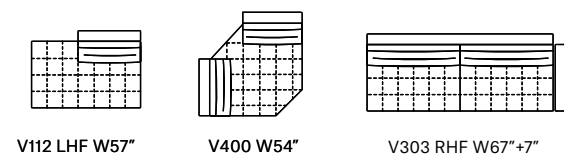

# Grow

The linear and sophisticated design makes Grow a furnishing element that speaks a timeless language. A sofa that perfectly adapts to every living room thanks to the modular seating and various strictly hand-crafted workmanship.

# Grow

The large proportions and refined details underscore the high structural quality of this model. A base covered in leather runs along the entire length. The padding in certified polyurethane is a guarantee of comfort and respect for the environment. An alcove.

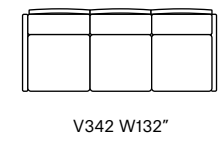

# Icaro

The spacious seats offer ideal relaxation. The design is minimalist and creates a lighthearted and harmonious atmosphere that speaks of a modern style.

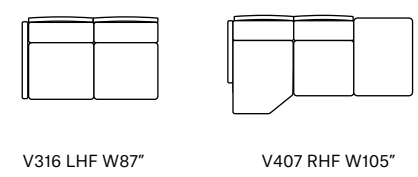

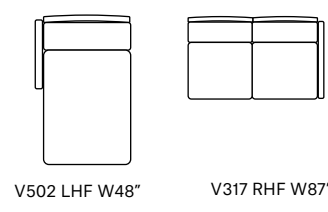

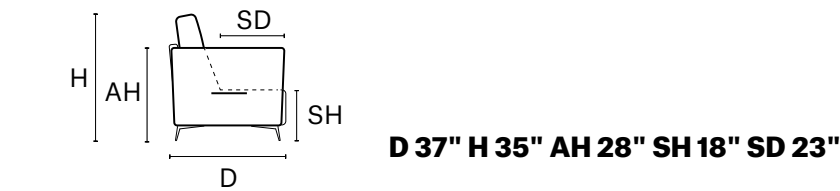

# Icaro

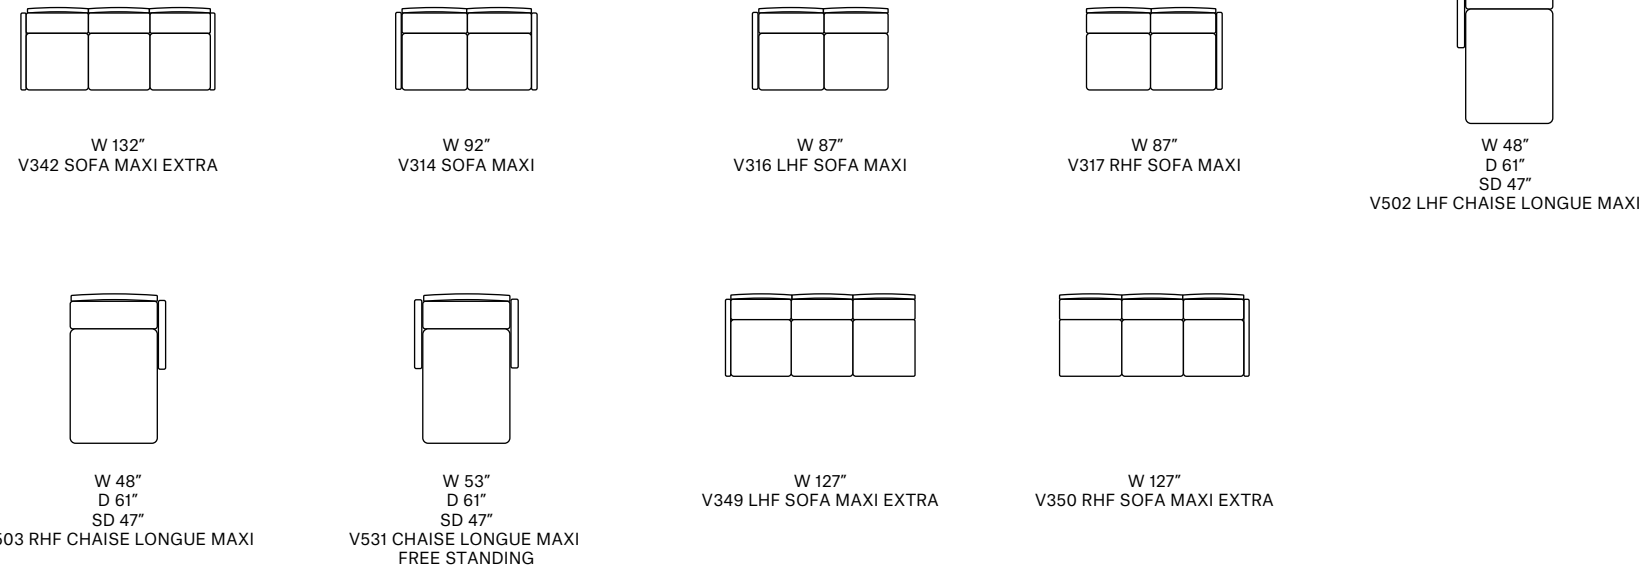

Icaro is an impressive crafted sofa with a sophisticated thin arm and wide seat patterns. In addition, the seat and back is composed of memory foam and the extreme soft seating comfort perfectly adapts to the body.

LEATHER COLOR SHADE DIFFERENCES: The model upholstered with some Natural leather such as Maya, Moss, Carees and Sensation, could present in some area differences in color tones of about 5%. Such differences are not to be considered defect but an expression of the natural characteristic of the cowhide. The company reserves the right without prior notice to make technical sheets changes and/or materials for quality product improvement. Leather sofas are a handmade product and according to the leather covering selected there could be a measurement tolerance of about 2 inches (cm 5) on each sku.  
REV. 002 DEL 28/10/2020 | Pag. 2 of 2

# Tivoli

Cultured and measured design make this sofa a timeless element. Adaptable to any living room thanks to the modular seating, it offers the space ever-new configurations.

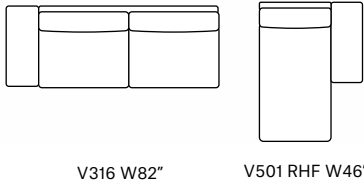

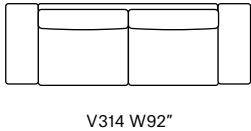

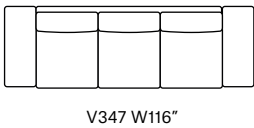

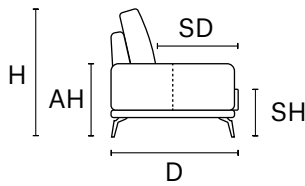

# Tivoli

Tivoli becomes the protagonist of living spaces because it is characterized by essential lines and modern design. In addition, the seat and back filled with the right combination of memory foam offers an extreme soft seating comfort which perfectly adapts to the body.

## POWER MOTION SOFAS & SECTIONALS

*To each their own comfort. That's why our sofas include mechanisms and features that cater to your idea of comfort. You can shape and adjust every part of the sofa as needed: seats, backrests, footrests and headrests, all choosing the covering you most prefer, always in the certainty that you're bringing home a product handcrafted by our craftsmen, stitch after stitch with decorative quilting, and feet in stainless steel on bronze finish. Whatever your idea of style or life, Bracci is the sofa that completes it.*

MADE IN ITALY

# Arcadia

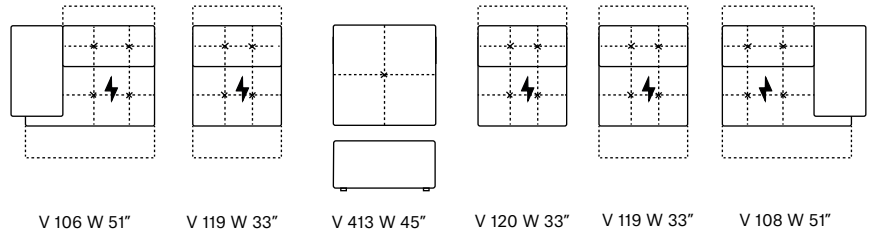

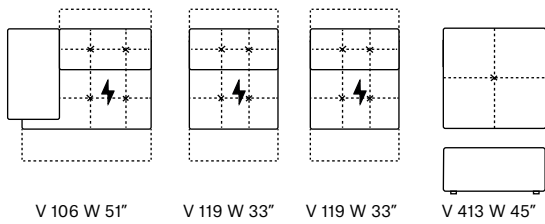

A contemporary reinterpretation of precious quilted workmanship, accompanied by all the convenience of the relaxation mechanism that moves the footrest and headrest for extreme comfort.

# Arcadia

Is a power motion model with wide seats featuring topstitching on the seat and back cushions. The armrest exterior is skillfully designed to create a break with the main structure. Arcadia is equipped with a state of the art power mechanism and touchpad that individually controls headrest and footrest allowing maximum comfort and support for your head, back and legs. This model is available with two seat width options and it's modularity allows to make any size sofa or sectional.

# Focus

Focus is a unique power motion designed to guarantee a sophisticated elegant look, comfort and relaxation. Focus is equipped with a state of the art power mechanism and touchpad that individually controls headrest and footrest allowing maximum comfort and support for your head, back and legs even for the tallest people. This model is available with two seat width options and it's modularity allows to make any size sofa or sectional. In addition, the seat and back is composed of memory foam and the extreme soft seating comfort perfectly adapts to the body. The armrest is very elegant and the sophisticated leg inserted in the outside arm gives this model a sartorial look.

LEATHER COLOR SHADE DIFFERENCES: The model upholstered with some Natural leather such as Maya, Moss, Carees and Sensation, could present in some area differences in color tones of about 5%. Such differences are not to be considered defect but an expression of the natural characteristic of the cowhide. The company reserves the right without prior notice to make technical sheets changes and/or materials for quality product improvement. Leather sofas are a handmade product and according to the leather covering selected there could be a measurement tolerance of about 2 inches (cm 5) on each sku.

REV. 002 DEL 28/10/2020 | Pag. 2 of 2

# Millenium

Endless possibilities to combine the modules of this sofa and adapt them to your space. Two different mechanisms, one to relax the head, the other for the feet. One, style, unique.

# Millenium

Millenium is a power motion model with wide seats featuring topstitching on the seat and back cushions. The armrest exterior is skillfully designed to create a break with the main structure. Millenium is equipped with a state of the art power mechanism and touchpad that individually controls headrest and footrest, allowing maximum comfort and support for your head, back and legs. This model is available with two seat width options and it's modularity allows to make any size sofa or sectional..

LEATHER COLOR SHADE DIFFERENCES: The model upholstered with some Natural leather such as Maya, Moss, Carees and Sensation, could present in some area differences in color tones of about 5%. Such differences are not to be considered defect but an expression of the natural characteristic of the cowhide. The company reserves the right without prior notice to make technical sheets changes and/or materials for quality product improvement. Leather sofas are a handmade product and according to the leather covering selected there could be a measurement tolerance of about 2 inches (cm 5) on each sku.  
REV. 002 DEL 28/10/2020 | Pag. 2 of 2

A modern living room interior. In the center is a grey leather sofa with a modern, boxy design and adjustable backrests. To the left of the sofa is a tall, thin floor lamp with a square, illuminated lampshade. In the foreground, a low, dark coffee table holds a wireframe geometric sculpture and a glass dome containing dark objects. The background consists of a dark wall with a textured pattern on the left and a wall with vertical slats on the right. The floor is a light-colored concrete or stone.

# Zeus

Welcoming, enveloping, charming. Zeus allows you to adjust the backrests and seats at different heights without ever compromising its unmistakable modern style. A masterpiece for the living room

# Zeus

Zeus is an elegant modern power motion designed to guarantee a sophisticated elegant look, comfort and relaxation. Zeus is equipped with a state of the art power mechanism and touchpad that individually controls headrest and footrest allowing maximum comfort and support for your head, back and legs even for the tallest people. This model is available with two seat width options and it's modularity allows to make any size sofa or sectional.

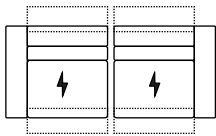

A diagram of a two-story building with a flat roof. Two lightning bolts are shown striking the roof, one on the left side and one on the right side. The building is represented by a simple rectangular outline with a dashed line indicating the roofline.

A diagram of a 3D rectangular prism. The front face is a rectangle with a lightning bolt symbol in the center. The top and bottom edges of the front face are labeled with a sequence of asterisks: "\*\*\*\*\*". The left edge of the front face is labeled with a sequence of asterisks: "\*\*\*\*\*". The top edge of the prism is labeled with a sequence of asterisks: "\*\*\*\*\*". The bottom edge of the prism is labeled with a sequence of asterisks: "\*\*\*\*\*". The right edge of the prism is labeled with a sequence of asterisks: "\*\*\*\*\*".

The diagram shows a battery cell with a positive terminal (cathode) on the right and a negative terminal (anode) on the left. A lightning bolt symbol is placed between the two terminals, indicating the electrical connection or potential difference.

A schematic diagram of a battery cell. It consists of a large rectangular container. Inside this container is a smaller rectangle with a lightning bolt symbol (⚡) in the center. To the left of the large container is a vertical rectangular strip. Above the large container, there are two horizontal lines, and above those, a series of small circles representing a terminal or connection point.

[illegible]

A diagram of a 3D rectangular prism. The front face is a square with a lightning bolt symbol in the center. The top and bottom faces are rectangles. The right face is a rectangle. The prism is oriented such that the front face is perpendicular to the viewer.

The diagram shows a battery cell with a positive terminal (cathode) and a negative terminal (anode). The positive terminal is on the left, and the negative terminal is on the right, marked with a lightning bolt symbol.

# POWER RECLINERS

*An armchair is first and foremost comfort. The body finds space between the padding that embraces and welcomes it in the most ergonomic of ways. Inside, the technological core follows the natural movements of the body, allowing you to relax your legs, arms, head, and thoughts. An armchair whose design actually means beauty and functionality, an armchair that brings the Made in Bracci and Made in Italy style into the most contemporary American living room.*
