

MADE IN ITALY

# PURE LUXURY

---

Bracci is luxury. We pride ourselves on designing and manufacturing the most elegant and sophisticated furniture. Our Italian designs are created to suit the modern home and complement any style and make the perfect addition to your room setting.

We at Bracci have added over 30 year's experience in the furniture industry. We apply knowledge and experience to every piece of furniture we create. Every inch of your sofa has been cleverly crafted using the finest leathers and materials.

Our goal is to bring you a product that will look and feel inviting for many, many years. Be proud, as we are, to be part of Bracci.

# WARRANTY & CARE GUIDE

## **Thank you for purchasing a Bracci Leather Sofa.**

As the owner of this master crafted sofa there are a few things we suggest you need to do to maintain your investment. Please read this book thoroughly and feel free to consult your sales assistant for any further information.

We use genuine top grain cow hides on all our sofas. As a result you may see scratches, insect bites and scarring. These are not defects, but in fact confirm that this is a high quality top grain hide. There will be a distinct leather smell when you first receive your sofa, which will soon disappear over time.

It is not recommended that armrests and tops of backrests are used for seating. These structures are designed for

their intended purpose only and may not sustain excessive weight. Abuse of your sofa may invalidate your warranty.

Avoid placing your sofa in direct sunlight or close to heat sources as this can fade and dry out the leather, causing it to crack or rapidly deteriorate.

Some medications and radium treatments, through perspiration, can cause leather to deteriorate and/or discolour. Some medications specify this; if unsure, consult your health care professional.

Pets can leave oils from their fur on the leather, which can cause the surface and colour to deteriorate. It is highly recommended you do not let your pets on the leather sofa.

# WARRANTY & CARE GUIDE

---

Damage caused by pets will invalidate your warranty.

Household detergents, deodorants and cleaners not made for leather cleaning can damage the hide. Avoid spraying and using near the sofa.

Each component of your sofa carries different warranty periods. Please read carefully before submitting claims as charges for non warranty claims can apply. Claims should be made in person immediately at the store of purchase.

Discontinue using the affected area to reduce any further damage. Please keep a copy of your invoice that shows the date of purchase and product details. Pls kindly send photos showing the claim as they will reduce the response time.

Damage caused by Act of God, Natural Disasters, Acts of Terrorism and War are not covered under warranty.

If you have purchased a leather insurance package, please kindly open the claim with the service provider.

Transport costs for any warranty claims are the responsibility of the customer.

## 5 YEAR FRAME WARRANTY

All frames (all materials that hold the structure of the sofa) are covered under warranty for a period of 5 years. This warranty does not cover accidental damage caused by incorrectly moving the sofa, improper use of the sofa and/or commercial application.

# WARRANTY & CARE GUIDE

## 3 YEAR FILLINGS WARRANTY

All fillings, webbing, stitching and springs are warranted for a period of 3 years. Warranty does not cover accidental damage, improper use, improper cleaning and/or commercial application. On pillow top design sofas, loss of resilience in foams, webbing and filling is a normal part of these designs and is not covered by warranty.

## 3 YEAR LEATHER COVERINGS

All Leather coverings are warranted for a period of 3 years. This warranty does not cover accidental or deliberate damage through misuse or incorrect care. Regular cleaning and maintenance as listed in the care instructions is required to keep this warranty valid.

## 2 YEARS MOTION MECHANISM, MOTOR AND BATTERY WARRANTY

All mechanisms, motors and batteries are warranted for a period of 2 years from delivery date.

If during this warranty time any product is found with some defect, Bracchi will replace it.

This warranty cannot be valid in case of defects or damages due to improper use; or not suitable use of mechanisms/motors/batteries; or to bad maintenance.

The warranty cannot be applied if damages are caused by not handling with care the product during transportation from our north carolina warehouse to customers door.

MADE IN ITALY

# WEAR & TEAR

---

Over time, your sofa may show signs of use. Springs, foams, webbing, fillings and the leather itself will soften and loosen over time, and the associated “comfort creases” may appear. Like an expensive jacket or pair of shoes, leather will ‘wear in’ rather than wear out. This is considered normal for a leather sofa...

# CLEANING

---

The sofa should be cleaned regularly, wipe down with a clean, slightly damp, dye fast cloth to remove dust and general soiling, paying particular attention to areas where human skin comes in contact with the leather.

We strongly recommend occasional deeper cleaning using professional cleaning kits (can be purchased from most furniture retailers and some supermarket chains).

Any fluid spills need to be cleaned and dried immediately and application of the cleaning kit is recommended. For any spills and marks that do not come out immediately, seek professional help.

Dirt and dust can become ingrained in the wrinkles and

pores of the hide, so regular attention to high-use areas is recommended.

Some heavy duty leather cleaners can dry the leather out and may cause colour loss. Always read the instruction carefully and test in an inconspicuous location prior to cleaning. If unsure, always seek professional help.
