luxury leather collection

A WORLD FROM

MAURO BRACCIALE

Starting from here, the work of a lifetime, to imagine a new future.

This is what Mauro Bracciale has done, now owner of Bracci and for more than 30 years in the leather upholstery business, managing important Italian sofa manufacturers.

Bracci was established in 2012 with the idea to bring to the North American market a collection designed and made in Italy. But not only !...Bracci sofas are specially designed to have a remarkable US personality, meaning that product development is done in Italy with only the North America market in mind.

Mauro Bracciale's great propensity to research new ideas, of style and customization, throughout the years has put together a great selection of products in all categories: stationary, power motion, power recliners, occasional chairs and sofa beds.

Bracci is a brand that means design, craftsmanship and italianity, a brand strongly thought and wanted by its founder, a brand that could not fail to inherit from him passion and authenticity.

#BRACCI

WE FURNISH THE MOST BEAUTIFUL

HOMES IN AMERICA

Bracci brings timeless Italian designs into American Homes. This is what Bracci does with a luxury collection of leather sofas "Made in Italy" able to accommodate in the same living area, the idea of American comfort and Italian design.

This is how the soft aesthetics of Bracci sofas are born, supported by backrests and armrests with rigid lines and capable of telling, sofa after sofa, a story of balanced lightness. An anthem of visual comfort shows in the entire collection and it fits harmoniously in the living area to respond to the contemporary needs of the North American market. The prestigious coverings and décor stitchings emphasize the flowing lines along the profiles without interrupting the generous volumes.

Bracci is commitment to the highest level of craftmanship, product is made only with premium hides of European origin, cut by hand using traditional techniques, that cannot be substituted with modern cutting technology, along with eco-friendly foam, wood and other materials that meet the highest standards in the industry.

Our timeless Italian-American designs never go out of style and we furnish the most beautiful homes in North America.

Design, comfort and style is a special Italian vocation to beauty. This is Bracci.

Thank you for taking the time to review our Collection.

LEATHER COLOR SHADE DIFFERENCES: The model upholstered with some Natural leather such as Maya, Moss, Carees and Sensation, could present in some area differences in color tones of about 5%. Such differences are not to be considered defect but an expression of the natural characteristic of the cowhide. The company reserves the right without prior notice to make technical sheets changes and/or materials for quality product improvement. Leather sofas are a handmade product and according to the leather covering selected there could be a measurement tollerance of about 2 inches (cm 5) on each sku. POWER MOTION SOFAS & SECTIONALS

To each their own comfort. That's why our sofas include mechanisms and features that cater to your idea of comfort. You can shape and adjust every part of the sofa as needed: seats, backrests, footrests and headrests, all choosing the covering you most prefer, always in the certainty that you're bringing home a product handcrafted by our craftsmen, stitch after stitch with decorative quilting, and feet in stainless steel on bronze finish. Whatever your idea of style or life, Bracci is the sofa that completes it.

LEATHER COLOR SHADE DIFFERENCES: The model upholstered with some Natural leather such as Maya, Moss, Carees and Sensation, could present in some area differences in color tones of about 5%. Such differences are not to be considered defect but an expression of the natural characteristic of the cowhide. The company reserves the right without prior notice to make technical sheets changes and/or materials for quality product improvement. Leather sofas are a handmade product and according to the leather covering selected there could be a measurement tollerance of about 2 inches (cm 5) on each sku. Technical Description

thick stitch: Not avaliable

structure: Hardwood frame for extra strenght **spring system:** Reinforced elastic webbing

seat/back cushions: High density open-cell Ecologic polyurethane foam covered with a layer of dacron wadding

mechanisms: Each seat has two separete motors, one for the headrest and one for the footrest

battery pack: Available as option

usb port: Available as option tray: Wooden matt finishing, upon request on console

foot option # 1: Stainless Steel Finish Sled

foot option # 2: Stainless Steel Bronze Finish Sled

LEATHER COLOR SHADE DIFFERENCES: The model upholstered with some Natural leather such as Maya, Moss, Carees and Sensation, could present in some area differences in color tones of about 5%. Such differences are not to be considered defect but an expression of the natural characteristic of the cowhide. The company reserves the right without prior notice to make technical sheets changes and/or materials for quality product improvement. Leather sofas are a handmade product and according to the leather covering selected there could be a measurement tollerance of about 2 inches (cm 5) on each sku. Technical Description

thick stitch: Available as option

structure: Hardwood frame for extra strenght seat/back suspension: Reinforced elastic webbing

seat/back cushions: High density ecologic polyurethane foam with coil springs built inside the cushion covered with a layer of memory foam on top

removability: Not available

mechanisms: Each seat has two separate motors, one for the headrest and one for the footrest

battery pack: Available as option **usb port:** Available as option

foot option # 1: Stainless steel Finish

foot option # 2: Stainless steel Bronze Finish

LEATHER COLOR SHADE DIFFERENCES: The model upholstered with some Natural leather such as Maya, Moss, Carees and Sensation, could present in some area differences in color tones of about 5%. Such differences are not to be considered defect but an expression of the natural characteristic of the cowhide. The company reserves the right without prior notice to make technical sheets changes and/or materials for quality product improvement. Leather sofas are a handmade product and according to the leather covering selected there could be a measurement tollerance of about 2 inches (cm 5) on each sku. Vogue is a unique power motion designed to guarantee a sophisticated elegant look, comfort and relaxation. Vogue is equipped with a state of the art power mechanism and touchpad that individually controls headrest and footrest allowing maximum comfort and support for your head, back and legs even for the tallest people. This model is available with two seat width options and it's modularity allows to make any size sofa or sectional. In addition, the seat and back is composed of memory foam and the extreme soft seating comfort perfectly adapts to the body. The armrest stitching and pipping is very elegant and sophisticated leg inserted in the outside arm gives this model a sartorial look.

SOFA BEDS

A real sofa and a real bed. This is the promise of Bracci sofa beds, which enhance the comfort and design of a sofa with the comfort of a bed, to make the home even more welcoming. A collection in which the aesthetic and functional spheres come together in the most harmonious way possible. Because every day has its own style, and every night its own soft dreams.

Cornelia

Cornelia does not look like a sofabed and has an extremely good seating comfort as the seat is filled with the right combination of memory foam. It is built with a state-of-the-art bed mechanism which has wooden slats, then seats and backs are always attached during the opening and closing. The mattress has a 6" thickness and is made in a high-end foam called Waterlilly, which has a high density, is 100% natural, and breathable. Sleeping on this sofabed is just like sleeping in a regular bed.

LEATHER COLOR SHADE DIFFERENCES: The model upholstered with some Natural leather such as Maya, Moss, Carees and Sensation, could present in some area differences in color tones of about 5%. Such differences are not to be considered defect but an expression of the natural characteristic of the cowhide. The company reserves the right without prior notice to make technical sheets changes and/or materials for quality product improvement. Leather sofas are a handmade product and according to the leather covering selected there could be a measurement tollerance of about 2 inches (cm 5) on each sku. POWER RECLINERS

An armchair is first and foremost comfort. The body finds space between the padding that embraces and welcomes it in the most ergonomic of ways. Inside, the technological core follows the natural movements of the body, allowing you to relax your legs, arms, head, and thoughts. An armchair whose design actually means beauty and functionality, an armchair that brings the Made in Bracci and Made in Italy style into the most contemporary American living room.
