LEATHER COLOR SHADE DIFFERENCES: The model upholstered with some Natural leather such as Maya, Moss, Carees and Sensation, could present in some area differences in color tones of about 5%. Such differences are not to be considered defect but an expression of the natural characteristic of the cowhide. The company reserves the right without prior notice to make technical sheets changes and/or materials for quality product improvement. Leather sofas are a handmade product and according to the leather covering selected there could be a measurement tolerance of about 2 inches (cm 5) on each sku.
