

PERFORMANCE FABRICS EASY TO CLEAN.

Bracci's performance fabrics are soft to the touch, easy to clean and antibacterial.

As a general rule, it is sufficient to promptly dab the spilled liquid with a dry cloth. Then to clean use a slight wet white cloth with water and neutral soap and rub gently in round movements.

Drinks, coffee, wine, grease and sause

Remove stain using a dry white cloth but avoid pressing. If the stain has penetrated the fabric, rub gently with a damp sponge and if necessary use neutral soap. Wipe with tepid water and a clean sponge.
